- Taking ownership of active risk management and mitigation planning
- Conducting assessments to provide clients with innovative ideas and engineering improvements
- Collaborating on feasibility studies with client teams to gather information for project development
- Forecasting budgets and generating CAPEX
- Developing detailed project plans with projected outcomes and contingency planning
- Ensuring delivery of outcomes to regulatory standards and adhering to best practices
- Coordinating work, ensuring alignment with other client members, project team members, and key stakeholders
- Ensuring projects adhere to timelines and budgets
- Controlling change requests affecting project deliverables as necessary
- Ensuring projects deliver the expected outcomes and benefits

SKILLS AND EXPERIENCE REQUIRED:

- Preferably educated to degree level in an engineering setting or equivalent experience
- Proven track record of successfully delivering projects
- Strong individual with the ability to work independently or collaboratively with team members
- Excellent communicator with strong problem-solving skills and a keen eye for detail
- Proactive and results-driven, fostering a collaborative and supportive attitude
- Experience operating at strategic levels within an organisation, engaging with senior leaders
- Proficient in Microsoft Office and IT skills
- Flexibility to work across mainland UK based on client requirements
- Minimum of 3 years of experience in a Project Management role
- EC&I or Process bias preferred
- IOSH/NEBOSH qualification or equivalent (preferable)
- Familiarity with APM or Prince 2 methodology (preferable)

WHAT YOU GET IN RETURN:

- Remuneration package: £55,000-£70,000 per year (dependent on experience)
- Full-time contract
- 23 Days holiday plus Bank Holidays (increasing to 25 days after probation period)
- Flexible working
- Company pension
- Regular training and development opportunities
- Inclusive employee benefits, including a gym membership to support your well-being
- Provision of a company laptop and a company phone
